Suitcase

Before You Exit

When the sun comes up you know that I'll be leaving
But tonight, let's spend it staring at the moon
Tryna pack away these seconds I keep stealing
I'm not done holding you
I'm not done loving you, girl, ohEverybody's always giving me a reason
Everybody's always telling me to go
None of them could ever feel the way I'm feelingYou know I just can't pull myself away
The more I fight the more I wanna stay
And now I just can't find the words to say
So I wish that I could take you in my suitcaseWhen the last few hours always feel like seconds
And the time just keeps on crashing into you.
When I close the door for one last time,
Will the days we had get left behind?
And I told ya, I can't get over you, ohEverybody's always giving me a reason
Everybody's always telling me to go
None of them could ever feel the way I'm feeling, noYou know I just can't pull myself away
The more I fight the more I wanna stay
And now I just can't find the words to say
So I wish that I could take you in my suitcase
Take you in my suitcaseBring you everywhere that I go
Bring you everywhere that I go
Bring you everywhere that I go
Bring you everywhere that I goYou know I just can't pull myself away
The more I fight the more I wanna stay
And now I just can't find the words to say
So I wish that I could take you in my suitcase
Take you in my suitcase
