Bad Breaks (Make Me Feel Good)

Savoy Brown

Oh, I was tough kid, I said I couldn't detain
Did a man and all my friends said I changed
Left that poor room when my money came
But in a while I was on my way back againBad breaks follow me all around
Bad breaks won't let up, get me down
Down, down, downSaid you better watch out
Baby, and you better beware
I wait for you to get somewhere
Just when you think that you got it made
Just see this, only leave it in your shameBad breaks follow me all around
Bad breaks won't never get me down
Down, down, down, down, down, come onBad breaks follow me all around
Bad breaks won't let them, won't let them
Won't let them get me downBad breaks follow me all around
Bad breaks won't let them get me down
Bad breaks follow me all around
Bad breaks won't let them get me down
Down, down, down, down
