Dirty Picture

Dubstep Nation

I could dream of ways to see you
I could close my eyes to dream
I could fantasize about you
Tell the world what I believe
But whenever I'm not with you
It's so hard for me to see
I need to see a picture of you
A special picture just for me, yeah
So take a dirty picture for me
Take a dirty picture
Just take a dirty picture for me
Take a dirty picture
Just send the dirty picture to me
Send the dirty picture
Just send the dirty picture to me
Send the dirty picture, picture, picture, picture, picture
Snap, snap, uh
Whenever you are gone
I just wanna be wit' ya
Please don't get me wrong
I just wanna see a picture
Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Whenever you are gone
I just wanna be wit' ya
Please don't get me wrong
I just wanna see your picture
Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
I could dream of ways to see you
I could close my eyes to dream
Fantasize about this with you
But the way is never seen, oh

Take a dirty picture for me

Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Just send the dirty picture to me
Send the dirty picture
Send the dirty picture to me
Send the dirty picture
Uh, snap, snap, snap
Whenever you are gone
I just wanna be wit' ya
Please don't get me wrong
I just wanna see your picture
Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
When you're all alone, boy
I got something to give ya
Will you play along
If I take a dirty picture?
I'll take a dirty picture for you
Take a dirty picture
I'll take a dirty picture for you
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Send the dirty picture to me
Send the dirty picture
Send the dirty picture to me
Send the dirty picture, picture, picture, picture
Snap, uh, snap, snap
Click, click, snap
