

# Dirty Picture

## Dubstep Nation

I could dream of ways to see you  
I could close my eyes to dream  
I could fantasize about you  
Tell the world what I believe  
But whenever I'm not with you  
It's so hard for me to see  
I need to see a picture of you  
A special picture just for me, yeah  
So take a dirty picture for me  
Take a dirty picture  
Just take a dirty picture for me  
Take a dirty picture  
Just send the dirty picture to me  
Send the dirty picture  
Just send the dirty picture to me  
Send the dirty picture, picture, picture, picture, picture  
Snap, snap, uh  
Whenever you are gone  
I just wanna be wit' ya  
Please don't get me wrong  
I just wanna see a picture  
Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
Whenever you are gone  
I just wanna be wit' ya  
Please don't get me wrong  
I just wanna see your picture  
Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
I could dream of ways to see you  
I could close my eyes to dream  
Fantasize about this with you  
But the way is never seen, oh  
Take a dirty picture for me

Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
Just send the dirty picture to me  
Send the dirty picture  
Send the dirty picture to me  
Send the dirty picture  
Uh, snap, snap, snap  
Whenever you are gone  
I just wanna be wit' ya  
Please don't get me wrong  
I just wanna see your picture  
Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
When you're all alone, boy  
I got something to give ya  
Will you play along  
If I take a dirty picture?  
I'll take a dirty picture for you  
Take a dirty picture  
I'll take a dirty picture for you  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
Send the dirty picture to me  
Send the dirty picture  
Send the dirty picture to me  
Send the dirty picture, picture, picture, picture  
Snap, uh, snap, snap  
Click, click, snap
