Broken Image

Tankard

Images flooding all of your channels and
Senses down inflated facts
All is now is all
Meshes
Where is the catch in the net of a
World of world
Appropriate reality meaningful fluidityDisconnected symbol signify no more
In decontextualizing fuckers
Of the TV's amputated signs is itMediation the screen is hiding a meaning
Fragmentation broken mirror
Performation the mind assembles the pieces
Information reconstruction?Memory passing into oblivion
History postmodernized into the present
Distance
Collapse into a design of coincidence
No tomorrow in today and tomorrow
No todayArbitrary symbols signify no more
In uncontextualizing fluidal
Collages washing it away
Give meMediation the text is hiding a meaning
Fragmentation broken mirror
Performation the mind assembles the pieces
Information reconstruction?Where am I, I need to clutch a
Solid word that simply means
Nothing real is here around me
Language is reduced to schemesS.O.S. communication
Breaking down without a code
Free but lost without a limit
Endless nothing in the wayAnarchy but language is violent
Is there no escaping it without destruction
Meaning the final quest leading into obscurity
Curses on a conscious mind reiteration endlessyUnremotting spirales
Twisting common sense
Is there no communicatio
Silence no solution
Neither is the word
Is thereMediation is mind is hiding a meaning
Fragmentation broken mirror
Reformation the mind assembles the pices

Information reconstruction?
