Going Home

Mandy Harvey

Could I close the door behind me and lock myself outside alone
Could somebody please remind me why this bird still hasn't flown
To a treetop on a mountainside or joined an arrow in the sky
I know, I know someday I will be home
Too many dreams of my house burning
where I'm the one who struck the match
Try to find the meaning; a life on fire, a bird will hatch
To a treetop on a mountainside or join an arrow in the sky
I know, I know someday I will be home
Oh, I am not afraid of alone
No, I am not afraid of my own missteps
There's no regrets
At least not yet
Took a bus across the country
My bags were full, they weighed me down
Marked my trail to California
Shed my skin in every town
To a treetop on a mountainside and joined an arrow in the sky
I know, I know I finally found a home
I know, I know I finally found a home
For now
A home
For now
