

Run to the Battle

Steve Camp

Some people want to live
Within the sound of chapel bells
But I want to run a mission
A yard from the gates of hell

And with everyone you meet
I'll take them the gospel and share it well
And look around you as you hesitate
For another soul just fell, let's run to the battle
Run to the battle

Do you have your armor on?
We're in the middle of a raging war
We've been training for so long
Have we learned to use His sword?

We may not be ready but we serve a mighty Lord
And He's made us more than conquerors
So what are you waiting for? Let's run to the battle
We got to run, run to the battle

He has trampled down the enemy
And has given us the victory
When we pray we learn to see that His army
We are marching on our knees

There'll be times when we grow weak
Let's keep our faith alive
Let your faces shine with glory
For He's helped us to survive

And in that final hour when you feel like you're ready to die
Will you hear the trumpet sound
Will you hear the warrior cry, run to the battle
We got to run, run to the battle

Some people want to live
Within the sound of chapel bells
But I want to run a mission

A yard from the gates of hell

And with everyone you meet
I'll take them the gospel and share it well
And look around you as you hesitate
For another soul just fell, let's run to the battle
Run to the battle
