Make My Day

Auryn

Girl, I'm falling on my knees.

I beg you, babe; please!

Don't bring me down, don't

Mess around.

I'm easy like a breeze. Your mind is hard to read,

You're flowing with the beat.

Don't roll your eyes, don't tell

Me lies.

All I want is you to... Turn it up; Blow up the

Stereo!

Shake it out; Shock out the

Barrio!

Go ahead and make my day. (x2)Girl, you got to understand:

Your wish is my command.

Do as you want, do as you feel,

My life is in your hands. I really need to know

If you're going with the flow.

No, don't be shy, don't let me

Die!

All I want is you to...Turn it up; Blow up the

Stereo!

Shake it out; Shock out the

Barrio!

Go ahead and make my day (x2)Take me to the top and don't

Let me fall.

I don't wanna stop, we are on

The go.

Go ahead and make my day (x2)Do you wanna make my day

Are you gonna make my day... (x2)Turn it up; Blow up the

Stereo!

Shake it out: Shock out the

Barrio!

Go ahead and make my day (x2)
