Nas

Bad bitches, champagne wishes
Freaks only, baby let me take pictures
Life is good, life is good
Life is good, life is good
Croc on splash, summer on smash
Top all gone, got the on summer on smash
Tank top on, summer on smash
My neck got a whole lot of glass
Got the summer on smash, summer on smash
Yall know who got the summer on smash (we do)
Look at baby girl showing that ass
She let the world know the summer on smash
Got the summer on smash, summer on smash
Everybody get the summer on smash
We got the summer on smash, summer on smash
Yall know who got the summer on smash (we do)
Got the summer on smash, eighteen karats
Little overweight, hit the gym, lets go get the abs in
Louis belt hangs on the waist, it aint even fastened
Im trying to get every number from every woman passing me by
Shes fly; black, Asian, Boriqua
Italian, mixed chicks, Middle Eastern
Eritrean, Ethiopian, how you opening?
Just rolled four with them, bout to smoke again
Rose-gold Rollie, riding the top down
How does Pucci bathing suits on a yacht sound?
Send a massive e-mail to the females
Tell em where to meet us, give em the details
Croc on splash, summer on smash
Top all gone, got the on summer on smash
Tank top on, summer on smash
My neck got a whole lot of glass
Got the summer on smash, summer on smash
Yall know who got the summer on smash (we do)
Look at baby girl showing that ass
She let the world know the summer on smash
Got the summer on smash, summer on smash
Everybody get the summer on smash
We got the summer on smash, summer on smash
Yall know who got the summer on smash (we do)
Its the jam here, check it
Its the summertime, women damn near naked
Its single season, they choosing who to mess with
I just smashed another belt for the record, respect it

Nas get you out your seats, play this in your Jeeps
My people in the streets, I make it feel like its the beach
My goons close by, Im daring one of yall to reach
Im protected like the President, aint gotta give a speech
Got a compass on the wrist, Illmatic on the feets
And they aint even out yet, she like Ciroc peach
Chain-smoke cigars, count a whole lot of cash
And yall already know who got the summer on smashCroc on splash, summer on smash
Top all gone, got the on summer on smash
Tank top on, summer on smash
My neck got a whole lot of glass
Got the summer on smash, summer on smash
Yall know who got the summer on smash (we do)
Look at baby girl showing that ass
She let the world know the summer on smash
Got the summer on smash, summer on smash
Everybody get the summer on smash
We got the summer on smash, summer on smash
Yall know who got the summer on smash (we do)I gotta do something kinda unexpected, huh?

Beaches in Brazil, steaks on a grill
Your body is a weapon that you cant conceal
