

Regime Change

Disciple

Now build it up, tear it down
My finger in the strings
Connected to your hands
I dance the mockery
A theme of decadence
Now I am sinking in this violence
This time emancipation is my right
This is what I want
For you to die
This is what I want
To be alive
Scene of complacency
An apathetic mind
But when its brought to light
I see a king on a borrowed throne
Right now the violence taking over
This time regimes are changing in my mind
This is what I want
For you to die
This is what I want
To be alive
And Im so sorry my old friend
Im leaving you tonight
So caught in this moment
The last breath of your life
So sorry
This is what I want
(I am sinking in this violence)
For you to die
(Emancipation is my right)
This is what I want
(The violence taking over)
To be alive
(Regimes are changing in my mind)
So sorry to understand
So sorry to understand
So sorry to understand
So sorry
