

# The Fix

Nelly

Shawty hit me on the late night  
Got a man, got me thinking, Shawty, ain't right  
She say she ain't about the creep life  
But all she wanna do is take pipe  
I ain't mad at nobody  
I just wanna have your body  
Now, I can give you the key, girl  
Or you can meet me in the lobby  
Talking bout itOh  
I'll lay you down and go down  
Girl, 'til I reach your ocean  
Oh  
So come and get this dickWhen you need that fix, yeah, that medicine  
I know you like it like this  
When you get that itch, adrenaline  
Heart beating outta your chest  
Heart beating outta yo chest  
And when that pressure's building  
I got what you need, come fuck with me  
And when you get that feeling  
I got sexual healingBaby  
Talking bout  
BabyBust it open every time I get up inside  
Soaking wet, turn the bed to a slip n slide  
Spread eagle, nigga eating like it's supper time  
Shawty knows who's is it, it's all mine  
I ain't mad at nobody no  
I just wanna have your body  
And if you can take it deep  
Then let a nigga like me, get at that body girlOh  
I'll lay you down and go down  
Girl, 'til I reach your ocean  
Oh  
So come and get this dickWhen you need that fix, yeah, that medicine  
I know you like it like this  
When you get that itch, adrenaline  
Heart beating outta your chest  
Heart beating outta yo chest  
And when that pressure's building

I got what you need, come fuck with me  
And when you get that feeling  
I got sexual healingBaby  
Talking bout  
Baby  
Sweat 'em all out  
Baby  
I can't hold it much longer  
Baby I'm getting stronger and strongerWhen you need that fix, yeah, that medicine  
I know you like it like this  
When you get that itch, adrenaline  
Heart beating outta your chest  
Heart beating outta yo chest  
And when that pressure's building  
I got what you need, come f\*\*k with me  
And when you get that feeling  
I got sexual healingBaby  
Baby
