

I Am in Love

[Abbey Lincoln](#)

Called out to prove my love
You reply by getting defensive
Called out to prove my love
Now you should be able to sense it
I'm full of your dreams
I let you sleep with the lights on
Stay with me might as well
Be the kind of girl you want to be
I am in love, I am in love
I am a fool, fell from above
These things that I have done
They would be a test of anyone
How am I meant to see?
You dressed up like your mother
They say you marry your father
I hope that don't reflect on me
They say you marry your mother

I hope that don't put you in her company
I am in love, I am in love
And I am a fool, there is no other
I am in love, I am in love
What I say is don't lie
But it's enough to make you wonder
I can't be one that you wanna trust
And not the one that you wanna trample in the dust
I am in love, I am in love
And I am a fool, there is no other
I am in love, I am in love
Into the fire
Tears start coming
The stars surround us
It's enough to wanna make you wonder
