

# Own It

## Mack Wilds

Own it, own it, own it (x 2)  
Nothing's too much  
Words that I live by that's just how I do, do, I do  
I'm young right now  
But I won't be forever  
That's way I'm living up like that's true,  
You might wanna roll with me too  
Said I don't mean to brag ..but I'm living a life that most can only dream about?yeah  
So baby come be my dream girl, pick a fantasy and let me work it out yeah, oh yeah  
Tell me where you wanna go, what you wanna do, said we living it like we own it, own it, own it, own it  
Said I'm on top of the world, what I need it's you  
Said we living it like we own it, own it, own it, yeah  
It's never too much so just let the drinks flow later on you want come through, through, come through  
You know you're the flyest, I should tell your highness, call me king cause I'm that dude,  
All you gotta do is leave your crew  
Said I don't mean to brag .. but I'm living a life that most can only dream about?yeah  
So baby come be my dream girl, pick a fantasy and let me work it out yeah, oh yeah  
Tell where you wanna go, what you wanna do, said we living it like we own it, own it, own it  
Said I'm on top of the world, what I need it's you  
Said we living it like we own it, own it, own it, yeah  
Whatchu talking about we run this town ,  
We got it sewn up, because we own it  
Whatchu talking 'bout, you deserve this crown  
We got it sewn up, because we oooown it  
Because we oooown it,  
Tell where you wanna go, what you wanna do, said we living it like we own it, own it, own it  
Said I'm on top of the world, what I need it's you  
Said we living like we own it, own it, own it, yeah?.
