

# C U When U Get There

## Coolio

Now I've seen places and faces and things  
You ain't never thought about thinking  
If you ain't peek then you must be drinking and smokin'  
Pretending not to lookin' but you're brokin' let me get you open  
Now little Timmy got his diploma and little Jimmy got life  
And Tamika around the corner just took her first hit off the pipe  
The other homie shot the other homie and ran off with his money  
And when the other homies heard about it they thought that it was funny But who's the dummy 'cos, now you  
done lost the hustler  
A down-ass brother got replaced by a buster  
And though I got love for ya I know I can't trust ya  
'Cos my crew is rollin' hummers and your crew is rollin' dust's  
And just because of that you act like you don't like the brother no more  
I guess that's just the way it goes I ain't trying preach  
I believe I can reach but your mind ain't prepared  
I'll see you when you get there I'll see you when you get there  
If you ever get there  
See you when you get there  
I'll see you when you get there  
If you ever get there  
See you when you get there More temptation and faith I guess we livin' for the day  
I seen a man get swept off his feet by a boy with an AK  
The situation so twisted everybody getting lifted  
I'm just tryin to take care of my kids and handle my business  
'Cos it way too serious so you gotta pay close attention  
So you don't get caught sittin' when they come and do all the gettin'  
Life is a big game so you gotta play it with a big horse  
Someone's gotta run a little faster 'cos we gotta lay the struggle I'd be a fool to surrender when I know I can be a  
contender  
And if everybody's a sinner then everybody could be a winner  
No matter you rag collar deep down we all brothers  
And regardless of the time somebody up there still love us  
I'm a scuff and struggle and y'all I'm breathless and weak  
I just strive my whole life to make it to the mountain peak  
Always keep reaching sure to grab on to something  
I'll be there when you get there when you wit the sound bumpin' I'll see you when you get there  
If you ever get there  
See you when you get there  
I'll see you when you get there

If you ever get there  
See you when you get there You need to loosen up and live a little  
And if you got kids let them know how you feelin'  
For your own sake give a little  
Oh, you don't want to hear that you busy trying stack  
And keep them from the Jones's is taking advantage of your own  
The realest homies that you've been knowing for the longest  
But some ain't missing a good thing until it's gone  
Could have built an empire if not for the jealousy that divides us  
We prefer to keep our eyes shut to describe when  
It's something wrong and we desire So hold your head up high if your poor and righteous  
I know time seems right and the problems seem endless  
But at times of despair we gotta pull ourselves together  
And if you fell you're out the game then you need to get back in it  
'Cos nothing worse than a quitter  
You gotta face responsibility one day, my brother  
So gather up your pity and turn it to ambition  
And put your vehicle and drive and stop by my side I'll see you when you get there  
If you ever get there  
See you when you get there  
I'll see you when you get there  
If you ever get there  
See you when you get there As we walk down the road of our destiny  
And the time comes to choose which shall it be  
The wide and crooked, or the straight barrel  
We got one voice to give and one life to live  
Stand up for something or lie down in your game  
Listen to the song that we sing  
It's up to you to make it big  
I guess I'll see you when you see me I'll see you when you get there  
If you ever get there  
I'll see you when you get there  
If you ever get there I'll see you when you get there  
If you ever get there  
I'll see you when you get there  
If you ever get there
