Let Me Go The Right Way

The Supremes

Let me go right
Let me go right
Let me go right
I'm yours, don't you know
That I done fell for you?
I wanna know, baby
Tell me whatcha gonna do
You took my love, baby, all my love
Don't lead me astray
Let me go the right way
My heart, baby is all weak for you
So please be careful and treat me true
'Cause you're my life, be a wife
Don't lead me astray
Let me go the right way
Let me go the right way
Where you lead me, where you lead me
I'll follow you
What you tell me, what you tell me
That's what I'll do
'Cause baby, I'm yours don't you know
That I done fell for you?
I wanna know, baby, whatcha gonna do
You took my love, all my love
Don't lead me astray
Let me go the right way, right way
Don't you lead me astray, go right
Don't you lead, go right
Don't lead me astray
And wait for that odd day
Please go right, go right, go right
Hey won't you?
