

No Time for Later (Acoustic)

The Trews

there's no time for later my lost and lonely friend
you were the instigator of your destruction and descent
there's beauty in disaster but it's hard to see from here
it might take just a little more time or just a few more beer(chorus)
 hey joe, it's time to hit the road, it's time to go
 let's go your moving way too slow this aint no joke
 you're slow, get your hat and grab your coat
 it's time to go, lets go, it's time to hit the road!
there's no time for lateryou lost your mind; you lost your head,
 you told off all your friends
 now you're living on my couch
 and this affair has got to end
 you overstayed your welcome here
 you made an ugly mess
 you brought me down to where you're at
and it's making me depressed(chorus)and i don't want you here anymore
 get your shit off of my floor
 here's your hat and there's the door(chorus)
