

What a Time (feat. Niall Horan)

Julia Michaels

[Verse 1: Julia Michaels]

I feel a little nauseous and my hands are shaking
I guess I need you close by
My throat is getting dry and my heart is racing
I haven't been by your side
In a minute, but I think about it sometimes
Even though I know it's not so distant
Oh, no, I still wanna reminisce it [Chorus: Julia Michaels]
I think of the night in the park, it was getting dark
And we stayed up for hours
What a time, what a time, what a time
You clinged my body like you wanted it forever
What a time, what a time, what a time
For you and I
What a time, what a time
For you and I

[Verse 2: Niall Horan]

I know we didn't end it like we're supposed to
And now we get a bit tense
I wonder if my mind just leaves out all the bad parts
I know we didn't make sense
I admit it that I think about it sometimes
Even though I know it's not so distant
Oh, no, I still wanna reminisce it [Chorus: Julia Michaels & Niall Horan]
I think of the night in the park, it was getting dark
And we stayed up for hours
What a time, what a time, what a time
You clinged my body like you wanted it forever
What a time, what a time, what a time
For you and I
What a time, what a time
For you and I

[Bridge: Julia Michaels & Niall Horan]

For you and I
For you and I
For you and I
What a time, what a time for you and I
What a time for you and I, yeah
What a time, what a time for you and I [Chorus: Julia Michaels & Niall Horan]

I think of the night in the park, it was getting dark
And we stayed up for hours
What a lie, what a lie, what a lie
You clinged my body like you wanted it forever
What a lie, what a lie, what a lie
For you and I
What a lie, what a lie
For you and I [Outro: Julia Michaels & Niall Horan]
For you and I (For you)
For you and I (For you)
For you and I (For you and I)
For you and I, yeah
