

# Dicky Trois

## Snuff

I watched you chew it over and spit it out  
I watched your face turn purple, the rage flood out  
Answered questions A to D, all answers incomplete  
Soon come the time (Soon come the time)  
Soon come the day (Soon come the day)  
The rhyme is lost - the shit just sails away  
Old dog in the corner all farts and shit  
Old dear by the speakers, fast asleep  
Answered questions A to D, all answers incomplete  
Soon come the time (Soon come the time)  
Soon come the day (Soon come the day)  
The rhyme is lost - the shit just sails away  
Soon come the day  
I watched you chew it over and spit it out  
I watched your face turn purple, the rage flood out  
Answered questions A to D, all answers incomplete  
Soon come the time (Soon come the time)  
Soon come the day (Soon come the day)
