

# Call Me Mellow (Steve Fitzmaurice Radio Edit)

## Tears for Fears

Fill the sky with love  
Fill the sky with love I wouldn't mind but she just turned up on the doorstep  
Wishful and ashen, slightly bedraggled  
Last time I saw her she was howling at the moon  
Roaming the forest, lupine and rabid Whoa is she wild?  
Does she see my inner child? But then she knows it's like a curse  
To find our chosen roles reversed  
To unify my universe  
To call me mellow If only I was half my age and she was older  
We'd live on ice-cream on Coney Island  
I though it's gravity that drags down my balloon  
She stays in orbit way after midnight Woah slip and slide  
Does she go all dewey-eyed? But then she knows it's like a curse  
To find our chosen roles reversed  
To unify my universe  
To call me mellow She'll dress down for us  
She'll break new ground for us  
Watching me cracking up She'll hang round fellas  
With all the groundswellers  
Driving me like a truck But then she knows it's like a curse  
To find our chosen roles reversed  
To unify my universe  
To call me mellow But then she knows it's like a curse  
To find our chosen roles reversed  
To unify my universe  
To call me mellow Fill the sky with love [Repeat: x3]
