

# Collapse/Collide

## Archive

Too late  
They hate  
Too late  
They hate  
You've jaded  
They've faded  
From your heart  
They've ripped  
Our worlds collide  
Inside our souls collapsing  
In their thoughtless ways  
Our hearts collide  
They're correcting  
They correct my heart  
They're rejecting  
They reject our hearts  
Now we're all stoned  
They've ripped it all apart  
Collapse, collide  
They're correcting  
They correct my heart  
They're rejecting  
They're rejecting  
They're rejecting  
They reject our hearts  
Now we're all stoned  
They've ripped it all apart  
Collapse, collide  
Our hearts collide
