

# Runaway

## Mint Condition

Brother, you're in pain  
Your lives, are insane  
Matrimony is controlling you  
She's killin' you  
You rehabbed together  
Thought it was forever  
Now she fell back in  
Now she wants you and your money too, so[Chorus]  
Run!  
Away!  
Or die  
Today!  
It's not  
Too late!  
You gotta choose, cause she's killin' youHer family, owed me  
And then tried, to control me  
But I'm legal, to carry  
I, did not back down, I'll never back down, oh!  
You had 10,000 dollars,  
Smoked in, 10 hours..  
Smoke filled prisoner,  
What's wrong with you?  
What did they do?[Chorus]Run!  
Away!  
Or die  
Today!  
It's not  
Too late!  
You gotta choose,  
Cause she's killin' youBrotha, if you didn't know  
I love you, if you decide to go  
Where would (where would)  
I be (i be)  
Without you (without you)  
Beside me[Chorus]
