Quiver and Quake

Elf Power

Crumbling worlds hung over me,
Waiting along there underneath.
Nobody knocks upon the door,
Don't even know what we're waiting for.
Forever pulled from the back of beyond;
I'm just another come and gone,
Follow the sunlight from the sky,
Swallowed it all up in the life.
And then the world it seems to quiver and to quake,
We twist and turn away but never will escape.
Hide in the trees, the name I know;
Watch as the sky begins to glow.
Moving across the dusty earth,
Waiting for something to occur.
And then I hold it up, it's there for all to see.
All eyes come open, they're returning from the dream.
And then the dark descends, dripping from the sky.
As it comes pouring in blackness fills my eyes.
Just when the world was becoming clear,
Everything slowly disappeared.
Everyone wondered what was said,
Lying awake there in their beds.
And then the world it seems quiver and to quake,
We twist and turn away but never will escape.
And then the dark descends, dripping from the sky.
As it comes pouring in blackness fills my eyes.
