

# Cross My Heart

Tracie Spencer

Hypnotized  
With just one look at you  
I'm paralyzed

I can't explain  
why just one touch from you  
drives me insane

Oh, you've got me head over heels  
Better believe it, baby  
and I love how it's feels

Cross my heart  
Hope to die  
May lightning strike me  
If I'm telling a lie  
Cross my heart  
I swear it's true  
I've never loved anyone  
More than I'm loving you  
(Cross my heart)  
Cross my heart it's true

Believe it, cross it  
Cross my heart

Heavenly (ahh)  
Something happens when you're next  
to me  
Ooh baby  
I get the chills (aah)  
You can ask me anything and baby  
I will  
Oooh  
You've got me out of control  
Better believe it, baby  
From my head to my toes

Cross my heart  
Hope to die

My lightning strike me  
If I'm telling a lie  
Cross my heart  
I swear it's true  
I've never loved anyone  
More than I'm loving you

Cross my heart  
Cross my heart, it's true

You're my valentine  
every month the year  
Baby, rain or shine  
I'm so happy when you're near  
Love you all the time  
Am I making myself clear  
My love's gonna last for ever  
Cross my heart

Cross my heart  
I've never loved anyone more than  
I'm loving you

(chorus)
