

Without You

Wilshire

All I ever wanted was a little bit of everything
Thought we'd fit just like a puzzle
Oh, you make me so complete
Now I'm fallin' to pieces, baby
It's close to winter leaves are on the ground
Spring's going to be here soon but you're not around
Summer won't be hotter than the hell you put me through
I keep on tryin' to live my life without you
I just keep on tryin' to live my life without you
I didn't see it comin' 'cause baby I've been so blind
If I had only been what you needed me to be
Would you have changed your mind, oh yeah?
Oh how I tried
(How I tried)
Time after time baby
It's close to winter, leaves are on the ground
Spring's going to be here soon but you're not around
Summer won't be hotter than the hell you put me through
I keep on tryin' to live my life without you
I just keep on tryin' to live my life without you
Now I'm fallin' to pieces
You got me fallin' to pieces
Oh baby
It's close to winter, leaves are on the ground
Spring's going to be here soon but you're not around
Summer won't be hotter than the hell you put me through
I keep on tryin' to live my life without you
I just keep on tryin' to live my life without you
(Just keep on now)
Keep on, keep on
Keep on trying
(Just keep on now)
Oh, keep on, keep on
Keep on trying
(Keep on keep on)
Don't you know that I keep on
Keep on
Keep on trying
Oh yes I keep on
Keep on
Keep on trying
Oh yeah
