Stardom

Lust for Youth

When the breeze kicks in
and the lifeless start showing
it's so clean, it's so clear.
I've seen these faces before
trace the light to stardom
to stardom like you
and all new lovers out there.
All around life flows free
from you into me.
All around life flows free.
I'm complete, I'm content
in your bed but I'm floating
in the air, in the clear.
For the first time I recall
I'll rise tonight to stardom
to stardom like you
and all new lovers out there.
All around life flows free
from you into me.
All around life flows free.
