Life

Luciano

I can't believe that it's true
What man is planning to do
Trying to control the world
In the end they lose their soulMankind is obsessed with misconceptions, yeah
Still trying to find paradise in their disillusionI say, life is what you make it some say
But I know that Jah has a role to play
I say, life is what you make it some say
But I know that Jah has a role to playSome may get weary and down
'Cause they are living without
The teacher and master of all
So one by one they will fallUntil they learn to respect and honor
And work hands and heart with the creatorI say, life is what you make it some say
But I know that Jah has a role to play
Life is what you make it some say
But I know that Jah has a role to playLife could be easier if we could learn to follow
The footsteps of the Father any way we goLife is what you make it some say
But I know that Jah has a role to play
Life is what you make it some say
But I know that Jah has a role to playWho makes the billows roll?
And who keeps the stars in control?
Who makes the sun shine so bright?
Who makes the ant crawl and bite?Only He, the great one, Alpha and Omega
Is it great and sustain us in this dispensationLife is what you make it some say
But I know that Jah has a role to play
Life is what you make it some say
But I know that Jah has a role to playLife is what you make it
What you make it some say
But I know that Jah has a role
