

# Kiss the Demon

## Mercyful Fate

Kiss the little demon  
Hanging on my wall  
Kiss the little demon  
He will answer your call You better watch out  
God forsaken heaven I am alone in the dark  
When I call the demon's name  
I am  
Am I the one who's insane? Kiss the demon  
He'll make your wish come true  
Kiss the demon  
Stick out your tongue and let him taste a little of your blood Kiss the little demon  
Hanging on my wall  
Kiss the little demon  
He will answer your call Kiss the demon  
He'll make your wish come true  
Kiss the demon  
Stick out your tongue and let him taste a little of your blood I send you my demon to blacken his brain  
I send you my demon to rip out his veins  
Rise from hell and serve me well  
(Rise)  
Demon, rise You better watch out  
God forsaken heaven I am alone in the dark  
When I call the demon's name  
I am  
Am I the one who's insane? Kiss the demon  
He'll make your wish come true  
Kiss the demon  
Stick out your tongue and let him taste a little of your life  
A little of your blood  
A little of your soul
