Life Is Short

Rosehill

When it doesn't rain it snows
Yeah the cookie crumbles but in who's hand?
All things said and all things done
Life is short
Oh I am young but I have aged
Waited long to seize the day
All things said and plenty done...life is too short
Ooooh could this be....
Ooooh could this be the day I've waited for?
Another door to peek in through
The floor is filthy
But the couch is clean
At the end of the day
That's another day gone
Life is short....Ooo life is short
Ooooh

Could this be....
Ooooh
Could the be the day I've waited for?
Ba ba ba ba ba ba ba...
Oh I am young but I have aged
Waited long to seize the day
All things said and plently done
Oh I am young but I have a past
Travelled far to find the start
Yes I am scared and I've been burnt
But life is short
Ooooh
Could this be...
Ooooh
Could this be the day I've waited for?
Ba ba ba ba ba ba ba...
