Lifestyle

Elektric Music

Life-Style just another headline
Life-Style stealing your time (?)
are you ready?
are you ready?
Life-Style just another headline
Life-Style stealing your time (?)
get a new hairstyle
and buy a new dress
check the design
sweet success
well come to the in-place
drive the right car
hear the hit music
wherever you are
Life-Style just another headline
Life-Style stealing your time (?
meet the right people
tell the in joke
the meaning of lifestyle
is to be en-vogue
[phonemes solo]
Life-Style just another headline
Life-Style stealing your time (?)
[stuff & phonemes]
Life-Style just another headline
Life-Style stealing your time (?)
(repeat until fade)
