One Day

Ayiesha Woods

[Verse1]
I know you feel it all around
There's no escaping it
You want to come in closer
But your afraid of itThis thing I'm speaking of
Its everlasting love
And its availableAnd one day,
You will know the truth
And it could make you free
(oh)And one day,
I know you'll surrender
And let love in
Oh, I believe in one day(ay,ay)
I believe in one day(ay,ay)[Verse2]
You know that,
I've been praying for you
For some time now
Been hoping and believing
That you will come around
And it's alright if your not ready
'Cause His love will wait
What ever it takesAnd when you've had enough
This everlasting love
Will be available to you[Chorus]
(oh)And one day,
You will know the truth
And it could make you free
(oh)And one day
I know you'll surrender
And let love in
Oh, I believe in one day(ay,ay)
I believe in one day(ay,ay)Love, love(x2)
People are people
And everybody needs a little
Love, love(x2)
People are people
And everybody needs some loveI've praying for you
and I still believe(yeah)That one day,
You will know the truth

And it could make you free
(oh)And one day,
I know you'll surrender
And let love in
Oh, I believe, I believeThat one day,
You will know the truth
And it could make you free
(oh)And one day,
I know you'll surrender
And let love in
Oh, I believe in one day(ay,ay)
I believe in one day(ay,ay)(Oh)One day,
You will know the truth
And it could make you free
