Turn the Wolves

Lotte Kestner

You would turn the wolves on the one you love
If they needed blood and you couldn't run fast enough
And it's something that I guessed about you, love
It's not new, just you how you areOne day you'll spell it out
You're spooling thread for now
I'll choose my way instead
I said it before I meant it
I'll choose my way instead
I said it before I meant it
I'm always on the run and I hate copy past for god's sake
I've been feeling things that I cannot fight
And in the dark I forget how to lie
Now I'm turning on the hook you have me by
I got in and you left the other sideOne day we'll have it out
I'll let you off for now
'Cause I'd do it again
I said it because I meant it
I'd do it again
I said it because I meant it
I love you
I want you
