These Are the Days

Squad Five-O

these days in time will always be
close to us for eternity
times are good, but time is short
we'll never forget the important part
we're free to be what we want to be
we're free because Christ has set us free
these days i find my friends are always right by my side
these days in time will always live inside my mind
these are the days we will remember
these are the days when we're young and free
these are the days they won't last forever
but we know our friendships always will
these days in time that we've come to love
are giving way to the push and the shove
and the wear and tear of our society
but Jehovah God has set us free
we're free to be what we want to be
we're free because Christ has set us free
these days i find my friends are always right by my side
these days in time will always live inside my mind
these are the days we will remember
these are the days when we're young and free
these are the days they won't last forever
but we know our friendships always will
