## Godflesh

From birth to death, just a slave,  
From birth to death, what am I, I can't believe in myself,  
I can't see past myself, Why should I fight [???],  
why should I fight, turn my back,  
Nothing can hurt me if it's not real, From birth to death, it's all the same From birth to death, just a slave, Nothing  
can hurt me if it's not real,  
From birth to death, what am I, From birth to death, I'm just the same
