

# Disco Infiltrator

## LCD Soundsystem

But all I know, is all I know  
Is the disco infiltrator fo sho  
But all I see, is all I see  
But still you want it owwww  
Stop, you can't believe, what you believe  
Or the disco infiltrator will leave  
Oh stupid me, oh stupid me  
But still we want it owwww  
Stop, we cant shake the waist  
Stop, you've got to shake the waist  
Stop, what you've been told, is what your told  
Is the disco infiltrator gone cold  
Oh stupid you, I bet' told the truth  
But you don't want it no!  
Stop, you make me frown your little town  
You run the disco infiltrator on down  
Oh stupid you, oh stupid me  
And we deserve it owwwwwww  
Stop, you can shake the waist  
Stop, you've got to shake the waist  
Bear in mind, we all fall behind, from time to time  
Bear in mind, we all fall behind, from time to time  
But all I know, is all I know  
Is the disco infiltrator fo sho  
But all I see, is all I see  
But still you want it owwww  
Stop, you can't believe, what you believe  
Or the disco infiltrator will leave  
Oh stupid me, oh stupid me  
But still we want it owwww  
Stop, you can't shake ya waist  
Stop, you've got to shake ya waist  
Stop, you can't shake ya waist  
Stop, you've got to shake ya waist  
Bear in mind, we all fall behind, from time to time  
Bear in mind, we all fall behind, from time to time  
Bear in mind, we all fall behind, from time to time  
Bear in mind, we all fall behind, from time to time  
Bear in mind, we all fall behind, from time to time
