Straight Through the Mirror

Blind Guardian

Can you tell me, is there any other way?
I cannot hide it and I have doubts
I'm not afraid to stay, I'm here
When the curtain fallsOnce I've touched the rainbow
The man on the moon will appear
I won't show fearI turn to you, father death
I am begging you, please consider
You may have been wrongJust close your eyes now
Just close your eyes nowThe end's a miracle, dream on if you dare
Straight through the mirror, we'll sail on through the air
There's magic everywhere, just be aware
Wake up when the crow will callThere is no truth, there are no rules
There's no plot here, it's twisted
We're still on course, my friend
Down to the abyss, Orcus laneShelter of your memories, shelter of your pain
The mirror shows truth, reveals what you are
A phoenix in flames, arise from the ashes againWe're on our way now
We're on our way nowWe sail through miracles, dream on if you dare
Straight through the mirror, we'll sail on through the airI feel there is something wrong
It's twisting and turning
When everything's burning
Awake, it's not safeI'm coming down to you again
We sail on miracles and then
If you don't mind, I'll sing a song
A sort of lullaby this timeWhen you're asleep, I'm back again
A world of miracles in hand
If you don't mind, I'll sing a song
A sort of lullaby this timeWe're on our way now
We're on our way nowThe end's a miracle, dream on if you dare
Straight through the mirror, we'll sail on through the air
There's magic everywhere, just be aware
Wake up when the crow will call
Wake up when the crow will call
