Temporary Remedy

Ben Harper

I killed a snake with a Bible
I was living a Johnny Cash song
I'm afraid for this I may be liable
So its best I be movin', movin' along
Just a temporary remedy
Runnin' through my
Runnin' through my veins
Summer lasted through November
Funny when its gone you miss cold
Words spoken for a lifetime
We can never hear till we're told
Just a temporary remedy yea
And it's runnin' through
Runnin' through my veins
They tell me nothin' is perfect
Then tell me why is it a word
Yesterday's news is tomorrow's blues
Now they're perfectly blurred
Temporary remedy
Runnin' through
Runnin' through my veins
Just a temporary remedy yea
Runnin' through
Runnin' through my veins
[Inaudible]
