

# Let It Bring You Along

**Rick Nelson**

The darkest house is a lonely house  
The warmest house is my song  
And if it makes you, all but happy  
Let it bring you along  
The sweetest room is a lady  
The softest tune is goodbye  
Is she real or just an image?  
Did she leave satisfied? Life you lead is uncertain  
How long has it been since you've heard 'Hello or goodbye'  
Streets are filled with many people passin'  
My eyes, they are closed but still you hear them cry  
The darkest house is a lonely house  
The warmest house is my song  
And if it makes you, all but happy  
Let it bring you along
