I Crawl

The Crown

To feel the emptiness
I see only punishment
you caused me darkdreams
You brought me evil dreams
My anger for your promises is just growing
I feel your rage...Anger I feel is growing in my mind
Deception, insanity
Darkness has touched me
I feel your holy presence
My darkhalf loves you
I die - but I enjoyI crawl into your arms
I crawl into your world
I crawl, I crawl
I crawl into your destinyFeel me - my blood is freezing
Touch me - I rule your feelings
Love me - I'll give you fantasy
Hate me - I am inside your dreamsI crawl into your arms
I crawl into your world
I crawl, I crawl
I crawl into your destinyEternity
we will now conquest
Deceiver!
We have become one
