Hang Forever

Ivy Levan

From the Ozarks to Cieara's
There's not another you and me
we go through thick and thin
we wear it on our skin
I bleed when you bleedI got a noose on my finger
gonna, hang together
gonna hang forever
gonna hang forever
Got a noose on my finger
I'm gonna do it permanently(you, me its how it should be)I got a noose on my finger
gonna, hang together
gonna hang forever
gonna hang forever
Got a noose on my finger
I'm gonna do it permanentlyI'll hold your hair when you drink vodka
I will always have your back
We go through thick and thin
we wear it on our skin
you keep me high like I'm on crackI got a noose on my finger
gonna, hang together
gonna hang forever
gonna hang forever
Got a noose on my finger
I'm gonna do it permanently(you, me its how it should be)I got a noose on my finger
gonna, hang together
gonna hang forever
gonna hang forever
Got a noose on my finger
I'm gonna do it permanentlyAfter all that we've been through
there's nothing that I wouldn't do
for you, you, you, you, hey
Its me and you until the graveI got a noose on my finger
hang together
gonna hang forever
gonna hang forever
Got a noose on my finger
I'm gonna do it permanently(you, me its how it should be)I got a noose on my finger
gonna, hang together
gonna hang forever

gonna hang forever
Got a noose on my finger
I'm gonna do it permanentlyI got a noose on my finger
hang together, hang forever
Got a noose on my finger
gonna do it permanently...
