Talk Is Cheap (With Cello)

Chet Faker

Oh so, your weak rhyme
You doubt I bother reading into it
I'll probably won't
Left to my own devices
But that's the difference in our opinionsYou're a mouthful
That amounts for another week on my own
Now I'm a novel made resourceful
I start a chain with my thoughtTalk is cheap, my darling
When you're feeling right at home
I wanna make you move with confidence
I wanna be with you aloneSaid help me help you start it
You're too comfortable to know
Throwing out those words
Oh, you gotta feel it on your ownCold pain
I cannot sustain it
That's what I'm thinking
Not what I'm drinkingI hold up my ways
These thoughts are pervasive
It's not a statement
But peace can be evasiveYou're a mouthful
That accounts for another week on my own
Now I'm a novel made resourceful
I start a chain with my thoughtTalk is cheap, my darling
When you're feeling right at home
I wanna make you move with confidence
I wanna be with you aloneSaid help me help you start it
You're too comfortable to know
Throwing out those words
Oh, you gotta feel it on your ownTalk is cheap, my darling
When you're feeling right at home
I wanna make you move with confidence
I wanna be with you aloneSaid help me help you start it
You're too comfortable to know
Throwing out those words
Oh, you gotta feel it on your own
