

Star Trek Intro

[Warren G](#)

Captain, the transporters ready That's hip
Lieutenant Marvin, what is the condition of the planets surface? It is difficult to be precise
However, my instruments indicate
A condition of extreme rigor mortis, spreading rapidly throughout the population
Highly illogical, Captain A bunch of stiff, huh?
Well, set coordinates for, ah
Chocolate City, and have a landing party of
Nine men beam down immediately, with phasers set on funk-funk
