

# Like You Do

Tamia

Like you do, like you do  
Like you do, like you do

You say what you want  
And do what you like  
That's why you're all in my mind  
Think you'll be there for life  
You'll be pressing my buttons  
Then undressing my buttons  
I swear mom I just lost  
Then we lay down with nothing  
Boy you got something  
On me, boy just keeping love  
On me, loving on me

Boy don't waste no time, I'm yours  
(Work my body, work work my body body)  
Ain't no love that's on my mine but yours  
(Work my body, work work my body body)  
Ain't nobody do my body do my body body  
Like you do, like you do  
I met a couple guys but they don't know my body  
Like you do, like you do  
They way you making it talk, I can hear you get louder  
The way you putting down, your daddy would be prouder  
Ain't nobody do my body do my body body  
Like you do, like you do

Get a night on the town  
Hearing the band  
We just gone a way out  
But we'll stay here instead  
We'll be playing this record  
Keep the moment progressing  
Take it all the way down  
Take it all the way down  
Give me all that or nothing  
Baby you're up to something  
Take it all the way down

Take me all the way down

Boy don't waste no time, I'm yours  
(Work my body, work work my body body)  
Ain't no love that's on my mine but yours  
(Work my body, work work my body body)  
Ain't nobody do my body do my body body  
Like you do, like you do  
I met a couple guys but they don't know my body  
Like you do, like you do  
They way you making it talk, I can hear you get louder  
The way you putting down, your daddy would be prouder  
Ain't nobody do my body do my body body  
Like you do, like you do

You got that real  
And I'm fabricated  
This love, so glad we made it  
Oh, so keep my space arrayed  
Baby, give me you  
That's all I want  
Give me plenty you  
That's all I want  
Ain't nobody

Ain't nobody do my body do my body body  
Like you do, like you do  
I met a couple guys but they don't know my body  
Like you do, like you do  
They way you making it talk, I can hear you get louder  
The way you putting down, your daddy would be prouder  
Can't nobody do my body do my body body  
Like you do, like you do

Can't nobody do my body, can't nobody do my body  
Like you do, like you do  
Can't nobody do my body, can't nobody do my body  
Like you do, like you do  
Can't nobody do my body, can't nobody do my body  
Like you do, like you do  
Can't nobody do my body, can't nobody do my body  
Like you do, like you do
