Faith Evans

[Caddillac Tah]:

Ain't no niggas like the murderers
Gettin crunk buyin the bar tearin the club
We live the good life
Very expensive cars and them broads you handcuffin
We run through man it's nothin man we huntin
For houses in the Hampton just a little somethin to lamp in
Me and my campin we ball like professional ballas do it
Better yet no other how you love it
Man we livin the good life

[Faith Evans]:

Seven days of work with no break
Gotta take a day off to unwind
It gives me time to get away
A little time to ease my mind, my mind

[Chorus]:

Forget about your worries save your problems for tomorrow
Tonight just try to have a good time (gotta have a good time)
DJ make you easy the music help you do it
Tell me don't you wanna live the good life (and have a good time yeah)

The good life

[Faith Evans]:

Good friends no stress
Is the good life
Laid back relax
In the good life
Good love no mess is
The good life
Wanna live in the good life
