[Chorus:]
You got me high, I can't lie
I want to make you feel alright tonight
Said you got it going on
What I feel is so strong
Oh...yeahStanding here smoking on a cigarette
Fantasy of you just like that
You've got me on a natural high
You're tempting me girl, I can't lie
Tell me what your name is
You say you've got a main squeeze
And it's only he that can hold your eye
(Girl, I'm not mad at you)
(Do what you want to do)
But if I had my way (really had my way)
(You'd stay and play all day)[Chorus:]Go head with yourself
If it was up to me you'd be by yourself
Go head with yourself
If it was up to me you'd be by yourselfGirl, I like the way you got your hair done
And the sexy way you say you gotta run
'Cause you got a man at home
And he always check your phone
(And you gotta be there on time)
When he checks your phone
(He won't find my) number this time
So...[Chorus:]Uh, I'm on some old sh-
I'm on some girl a brotha really need to know sh- (let's go)
Yeah, I know you gotta man ms.
But I've been down for a while
And girl you're flawless (come on)
Every other day I'm thinking what is this?
Damn, why am I in love with another niggas chick

Head over heels
Girl you got a niggas brain twisted
Straight spliffed my eyes red, uh[Chorus:]
Said you've got me so high
And I want to make you feel alright tonight... (alright)(Girl, you've got me high)
