

Bimbo

Lambretta

Go Who's she
Blowing kisses from the catwalk?
Tell me
I really gotta know Since when did you need another girlfriend?
Since when?
I really gotta know
I really gotta know She's been fakin' since day one
A friendly kiss includes no tongue
Who's she, tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know, who's that bimbo? Who's she
Looking goofy in a Gucci dress?
What's that?
I really gotta know Which bone in her body should I break first?
Which one?
The bimbo's gotta go
The bimbo's gotta go She's been fakin' since day one
A friendly kiss includes no tongue
Who's she, tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know, who's that bimbo? I know it's sad
Sometimes I just lose my head
Boy, I am getting so mad
I know it's sad
Sometimes I just lose my head I know it's sad
Sometimes I just lose my head
Boy, I am getting so mad
I know it's sad
Sometimes I just lose my head She's been fakin' since day one
A friendly kiss includes no tongue
Who's she, tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know She's been fakin' since day one
A friendly kiss includes no tongue
Who's she, tell me
Now she's sleeping in my bed

Oh God, I wish that she was dead
I need to know, oh, don't know Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know who's that bimbo?
