

# Keep It Clean

Lyle Lovett

Ah, you wanna get frisky,  
Don't wanna pay the price  
Fill it up with whiskey  
And pack it down with ice[Chorus:]  
Ah, roll her over  
Give her Coca-Cola  
Yes, a dish of ice cream  
Lemon soda  
Well, it takes soap and water,  
Baby for to keep you clean. My little baby,  
She's nice and round  
She can look up  
Long as I can look down Well the funniest gal  
I've ever seen  
You know, her top was purple  
And her bottom was green Well, my sugar baby,  
She's the best ball in town  
You just grab her by the shoulders  
And you rock her up and down Ah, now follow me, baby,  
Turn your money green  
I'll show you somethin'  
Mr. Rockefeller never seen. Ah, you wanna get frisky,  
Don't wanna pay the price  
Fill it up with whiskey  
And pack it down with ice
