

Gouge Away

Papa Roach

Gouge away
You can gouge away
And stay all day
If you want to Missy aggravation
Some sacred questions
You stroke my locks
Some marijuana
If you want some Gouge away
You can gouge away
And stay all day
If you want to Sleeping on your belly
You break my arms
You spoon my eyes
Been rubbing a bad charm
With holy fingers Gouge away
You can gouge away
And stay all day
If you want to
If you want to
If you want to Chained to the pillars
A three day party
I break the walls
And kill us all
With holy fingers Gouge away
You can gouge away
And stay all day
If you want to
If you want to
If you want to
If you want to
