In The Morning

Nina Simone

In the morning when the moon is at it's rest
You will see me at the time I love the best
Watching rainbows play on sunlight
Pools of water ice cream cold nights in the morning
Can't you imagine it?
It's the morning of my life, yeah
In the daytime I will meet you as before
You will find me waiting by the ocean floor
Building castles in the shifting sands
In a world nobody understands
In the morning it's the morning of my life
It's the morning of my life

In the morning of my life
Minutes take so long to drift away
Please be patient with your life
It's only morning and you're still to live your day
In the evening I will fly you to the moon
To the top right hand corner of the ceiling in my room
And there we will stay till the sun shines
Another day toplay on clothesline
May I be yawning
It is the morning of my life
It is the morning of my life
