Drown

The Send

I'm tired of this, do I exist?
I'm a ghost and I've been pacing the halls
I'm tired of itYou remind how I begin to drown
You're the only thing that can save me now
Life has pushed me down and it let me drown
You're the only thing that can save me nowI'm tired and sick, I feel haunted
I remember when I knew who I was
Before the fallYou remind how I begin to drown
You're the only thing that can save me now
Life has pushed me down and it let me drown
You're the only thing that can save me nowWhen I drown, save me
I'm sinking deep, save me
I'm sinking deep, save meYou remind how I begin to drown
You're the only thing that can save me now
Life has pushed me down and it let me drown
You're the only thing that can save me nowSave me now
You're the only thing that can save me now
