Building a Better City by Design

My timing was perfect
My timing was perfectIve been asleep for only hours
It feels like it's four years
Who are these people?
Where did they come from?
How did I get here?I dreamt up something beautiful
We all need something beautiful
I know something beautiful
But she is not hereNot here, no, no
Not here, no, no
Step backYeah, my timing was perfect
My timing was perfect
My timing was perfect
My timing wasIve been asleep, you knocked me out
Why won't you let me in?
Who are your new friends
Where did they come from
How did you get here?I dreamt up something beautiful
We all need something beautiful
I know something beautiful
But she is not hereNot here, no, no
Not here, no, no
Stand backYeah, my timing was perfect
My timing was perfect
My timing was perfect
My timing was perfect
